

# A Borderland Center for Peace

We are building a first-of-its-kind peace-building center strategically located a few feet from the U.S.-Mexico border at one of North America's most historically significant crossings. This 4-acre site is being restored as a global hub for learning, advocacy, and hospitality—where communities come together to foster connection, challenge narratives, and take meaningful action.

## An Opportunity to Invest

We are raising \$15 million to purchase, restore, and develop this historic 4-acre site into a self-sustaining Borderland Center.

Your support will:

- Preserve and Restore a Beloved Landmark  
Renovate the historic Hacienda restaurant, creating a space for learning, reflection, and community.
- Expand Transformative Programming  
Strengthen border encounters, advocacy initiatives, and cross-cultural education that challenge narratives and foster connection.
- Develop a Sustainable Campus  
Implement eco-friendly infrastructure, water conservation strategies, and shaded gathering areas to create a responsible hub in our desert ecology.

## Impact of Your Support

Your investment will directly shape the future of Abara House and its ability to foster long-term impact:

\$100,000+  
Major Capital  
Investment

\$50,000  
Restoration of  
a Historical Section

\$10,000  
Sponsor a  
Community Training

\$5,000  
Sustainability  
& Landscaping

## A Financially Sustainable Model for Long-Term Impact

Earned income through the operation of Abara House (hospitality, events, and education) will support 60% of our overall mission. Philanthropic support will continue driving Border Response, migrant shelter partnerships, online training, and global engagement. Your investment helps create a self-sustaining campus, allowing donor contributions to expand Abara's impact beyond the borderlands.
